

IMPORTANT NEWS TO TAKE HOME. HOMEWORK HELP IS ON THE WAY!

Dear Students, Parents, and Guardians:

Bowman High School is always striving to provide the best educational resources for our students. That is why we are proud to announce that Bowman has purchased subscriptions to an electronic database from the Thomson Gale, a company that has provided information resources to libraries for more than 50 years.

We hope you will use these products as the first stop for completing assignments at home. Unlike most Web sites, the Thomson Gale database(s) goes further than any other online reference destination, offering students' background, analysis and real-world applications of knowledge.

Please keep the home access information at the bottom of this letter handy!

Sincerely,
